## **FROM THE PRESIDENT**

I was very pleased to hear from Dennis Warner that our Guild took top honors again for the Affiliated Chapter of the Year Award from the AWCI. This is our third time we have won this honor and I am proud to say that Ben Connor represented our Guild at the National Meeting earlier this month. It is my belief that our continued success is due to the tireless support we receive from our educational committee, the chairman of that committee, and the many members that volunteer their time and skill to serve as our instructors for these classes.

See you all Tuesday

**Rich**

Treasurers Report: "The insurance is paid out of the operating and it is paid again for another year".

Operating account has \$2636.63

Education account has \$9533.70

Education:

- One day troubleshooting clock class will be in the future. Contact Mary Ellen Bell to sign up for it.
- Casting class is planning for a 4 day course and still looking for a date. The class will be limited to 10. Contact Rich Reich to sign up for.
- Accutron class has been bumped to October. Limited to 12 students with 8 currently on the list. We will be using the 214 Accutron movement.

### **New Business:**

AWCI will be having its annual meeting in a few days. Ben Conner is our representative.

FYI:

\* AWCI is starting a clock repair pilot program.

\* The Christmas Committee will be looking to have a party very similar to last year's party, and in the same location.

Important dates:

\* The NAWCC Houston show will be at the Galleria Marriott on Aug. 24-26.

**Program this month by David Douglas**

Next Month: Dave Arnold "Clock striking mechanisms"
